An egress window must satisfy the following International Residential Code (IRC) criteria:

1. Minimum width of opening: 20 inches
2. Minimum height of opening: 24 inches
3. Minimum net clear opening - ground floor: 5.0 sq ft (check local code)
4. Minimum net clear opening - all other floors: 5.75 sq ft
5. Maximum latch height above floor: 54 inches
6. Maximum sill height above floor: 44 inches

local building codes may apply more stringent code requirements; please be certain to review those standards.
